Hello Ryan,

Thank you for accepting the per signature placement on document gig offer. Please find attached the documents as well as the corresponding signature for each owner/manager against my signature. Please mind the size of signatures when you attach them to the documents to make them look professional and decent.

If you have questions, please feel free to ask. If you could submit all the documents tomorrow morning or afternoon, I would really appreciate it. There will be more coming today and tomorrow so work will be available for you. Payment will be made as soon as all signatures are attached to the documents for this week's work.

Thanks,
April
